

FARMERS NEED RAIN SOON TO ESCAPE DAMAGE

Adams County farmers today were scanning the skies with the hope that rain comes soon—before they find themselves seriously hurt by the scarcity of precipitation this month.

If July is to produce its normal amount of rainfall, a total of three inches will have to fall within the next ten days because so far only nine-tenths of an inch has been recorded and some areas have not had that much.

The shortage of rain this year, so far nearly seven inches less than normal, has already cut into the profits of farmers. Apple producers note that apples develop "in a straight line" when their growth slackens, as it has during the current dry period, the growth is never regained, no matter how much water falls later. That means a smaller number of bushels later on.

A number of farmers have attributed a decline in the bushel yield of their oats fields to lack of rain.

Could Help Peaches

Peach growers, however, while they wait rain, may be helped by the minor drought. Peaches get their best flavor when they grow through a dry period and then rain arrives near harvest time. Peaches can grow fast enough to gain the size they may lose during dry periods, provided they get the water when they need it.

The dry spell this month has increased use of irrigation systems throughout the county. A number of farmers who installed such systems over the last several years have been running them "fairly regularly" during the summer as water was needed. And all have been in operation for the last week or so.

A good first crop of hay was reported by most farmers, although most said "we don't know how the second will make out." Pastures generally are at the point where they "need rain badly," but no serious damage is reported so far.

One farmer summed it up by noting: "We are not hurt yet. We are at the point where we need rain badly and we have suffered some losses but it is not at the point where you can say: there will be a crop, or there won't be a crop. But if we don't get rain soon we are likely to be at that point."

Adams County farmers thus seem to be in better shape than similar farmers in more eastern parts of the state. In the Philadelphia area reports show a complete crop failure is expected unless heavy rain falls soon. Reports there show that burned up pastures have forced dairymen to put their cattle on winter feed.

Tomatoes, blueberries and cranberries were reported suffering severely and crops of both sweet and field corn have been cut drastically in the Philadelphia area.

Locally there is expected to be a smaller crop of corn because of the drought.

Emmitsburg Area

The situation in the Emmitsburg area was reported much the same as that locally. Some orchardists reported that they have had good crops of fruit thus far and with rain could have an excellent year although the season may be a little shorter.

However, dairy farmers are having some difficulties with pasture for cattle. All seem to have had a good first crop of hay, but the recent drought has forced some farmers to start feeding hay in the pastures. Prospects for the second crop are not too bright unless rain falls soon. Some of the smaller towns in Frederick County have begun water rationing with bans on car cleaning, etc.

Funeral Services For Mrs. Gladfelder

Plane Fires 1st Atom Sky Rocket

ATOMIC TEST SITE, Nev.

(AP) — The first air to air atomic rocket fired from a plane burst over the desert today with a flash that paled the morning sun.

The Air Defense Command's newest and most powerful weapon exploded at 7 a.m.

The vivid fireball flared in the target area at an altitude of more than 15,000 feet and sent up a pink doughnut-shaped cloud.

The nuclear rocket was launched from a Northrop F89 Scorpion jet fighter.

As the rocket's cloud rose in stately fashion into clear blue sky, the vapor trail of an airplane, probably the launcher, cut sharply away to the north.

The cloud assumed somewhat the shape of the usual atomic mushroom, but the crown quickly separated from the filmy stem and floated regally with a creamy white foam expanding from the pink center.

4-H MEMBERS ARE WARNED OF ROUNDUP TIME

Adams County 4-H members and leaders today were reminded to prepare for roundups, competitions and fairs that will begin in a month.

Assistant County Agent John D. Naugle sent notices to Dairy Club members announcing the annual roundup will be held at the Adams County Fair during the week of August 20 to 23. The six winners in each breed will be eligible for the district roundup at Lancaster August 28, 29. He added that the calves are also scheduled to compete at the South Mountain Fair, September 3 to 6. Naugle notified the youngsters that "Your calves should be blanketed for several weeks with brushing and leading as a daily practice to prepare them for the roundups and fairs."

He also sent the members health chart applications to be filled out for calves to permit their entries in the various shows.

To the local leaders Naugle sent details concerning the exhibits to be entered by the 4-H clubs in the Adams County and South Mountain Fairs, and urged the leaders to begin preparations for entries in the state and national 4-H Awards contest.

State Contests

Applications for the state awards contest must be in the Adams County Agricultural Extension office by August 26, Naugle said.

State and national awards will be given based on entries in the following classifications: Achievement, beautification of home grounds; agricultural programs, clothing, dairy, dairy foods, entomology, field crops, food preparation, forestry, garden, home economics, leadership, meat animals, poultry and recreation.

Judging of exhibits at the fairs will be based on: Effectiveness in catching attention, 30 points; effectiveness in holding interest, 5 points; general appearance, 10 points; and ease of transportation, 10 points.

Those entries which gain 90 to 100 points will receive a blue ribbon and \$10; those with 80 to 90 points a red ribbon and \$7 and those with 70 to 80 points, a white ribbon and \$5.

Miss U. S. A. Loses Contest Title When Officials Find She Is Married, Mother Of 2

LONG BEACH, Calif. (AP) —

The new Miss United States in the Miss Universe contest stands to lose her title and the right to compete further because she is married, contest officials said today.

Leona Gage finally stopped denying her marriage this morning and said she is the wife of an airman and mother to two.

Leona came here as Miss Maryland, giving a hometown of Glen Burnie, a Baltimore suburb.

Actually, she was married at 14 to Gene Norris Ennis, 28, Air Force staff sergeant stationed at Friendship International Airport. The children are David Nathan, 2, and Gene Jr., 3.

Miss Utah Wins

Leona told contest officials she was single and 21. Other sources gave her age as 18 and her marriage date as Feb. 3, 1953.

Contest officials say she will be stripped of her title and Miss Utah, Charlotte Sheffield, 20, Salt Lake City blonde, will take over as Miss United States. Miss Utah was runnerup in the Miss USA finals last Wednesday night.

Miss Utah, however, will not (Continued On Page 3)

30 SOUGHT TO TAKE SPECIAL C. D. COURSES

Harry M. Pasick, York Springs Civil Defense director and radiological instructor for the county's CD organization, today is seeking 30 men and women to establish a radiological team in the county.

If a class of 30 can be secured a course will be started on "fallout plotting and prediction, radiological calculation; radiological map reading; communication, monitoring teams including use of Geiger counters and ion chambers; medical and engineering details for decontamination, etc."

Pasick said the course would be held three hours a week over a ten-week period.

"The courses would be given in such fashion that each person could decide the type of work in which he is most interested and could specialize in that."

Each course will cover 30 hours. It is important that we have a trained group in the county in the event of a disaster. If atomic or hydrogen bombs fell there would be tremendous need for such trained personnel. And if there never is such a war there is always possible danger of accident which might pose a threat that would need to be met."

Pasick added, "Every day we read and hear more about the little known but extremely dangerous element called 'radiation.' Radiation has been with us from the beginning of time, but fortunately in very small amounts."

"However, with the threat of use of atomic weapons there is always present the danger of their use and danger from radiation. Thus it is vitally necessary, if we wish to survive, to be certain we gain as much knowledge as we can about radiation. While it is unlikely that there should ever be a blast near here, winds can carry sickness and death hundreds of miles from an actual blast area. This is known as residual radiation and we should learn to protect ourselves from it."

Persons wishing to take the courses are asked to notify Pasick at York Springs.

Group Seeks County Home Suggestions

The committee appointed by the Adams County Commissioners to study the county home will welcome suggestions from individuals or organizations, it was announced today.

"In addition to individuals there are organizations of a religious, service, social or business nature which have had close contact with the county home through the years. They may wish to make recommendations to the study committee as to changes in the physical aspects of the home or farm or in their operation. All constructive ideas regarding the care of the aged and indigent of the county will be gladly received and given the serious consideration of the committee."

"The committee requests that such suggestions be presented in written form by July 30. If individuals or representatives of an organization desire the privilege of a hearing before the committee, arrangements for such hearings can be made by notifying the chairman, A. W. Butterfield, or the secretary, Mrs. Carl Baumgardner, prior to July 30," it was said.

High School Bands To Play In Harney

The Senior High School band will play at the firemen's carnival in Harney Saturday evening. Buses will leave the high school here at 7:15 o'clock Saturday evening.

The Junior High School band will play at a church picnic at Harney the following Saturday, July 27.

Director Robert Zeigler has called for a rehearsal of all band members at the high school Tuesday evening at 7:30 o'clock.

MUSSELMAN'S SALESMEN AT REGULAR MEET

Semi-annual conferences for salesmen of the C. H. Musselman Company are being held at the home offices in Biglerville today and tomorrow under the direction of E. J. Yoder, sales manager.

The fall advertising program was outlined by Kennard G. Keen Jr. and James Lamb, representing the company's advertising agency, Ardit, Preston, Chapin, Lamb and Keen, Inc., Philadelphia. A feature of the program will be Don McNeil and his Breakfast Club on a national radio network, supplemented by outdoor advertising and spot radio announcements in key markets.

Yoder was host to the salesmen and their wives Friday evening at dinner and the summer theater play at Allenberry.

Attending the two-day sessions are: W. H. Bosserman, New Jersey; S. B. Johnston, New England; William E. Morrison, Philadelphia and vicinity; L. S. Long, central Pennsylvania; C. L. Christie, Pittsburgh; Ross K. Wirt and Robert E. Tiley, Baltimore; T. A. Grossman, middle West; H. M. Phelps, southern U. S., and these retail salesmen: Fred E. Claybaugh, Fred C. Price, John H. LOCAL CUB DEN VISIT VALLEY FORGE JAMBOREE

A group of Gettysburg Cub Scouts had a field day Thursday at the National Boy Scout Jamboree at Valley Forge and came home laden with loot, the gift of Scouts from all over the nation.

The youngsters left Gettysburg by bus from the EUB Church at 7 o'clock Thursday morning and once at Valley Forge ranged through a large part of the huge encampment chatting with scouts, swapping souvenirs and watching the scheduled activities.

Highlight of the trip was an hour long Indian dance performed by the scouts from Hutchinson, Kansas, in authentic costumes that the scouts had put together themselves. The garb was extremely colorful. Headaddresses were made of imported eagle feathers and the beaded belts were the result of many hours of scout labor. Indian clowns set off the serious dances.

See Mascots

The cubs also saw "Pedro," the official scout donkey, Smokey Bear, a kind of TV firewarden, and "Susie," the Missouri buffalo. They had their pictures taken with Smokey Bear. Jerry Mahoney, on hand to entertain the Jamboree, gave the cubs a real thrill.

The local cubs visited the various campsites where the big boys took them in tow and turned over souvenirs of all sorts which they had brought along to swap with their comrades from other states. Neckerchiefs with troop insignias were the most popular item. At the Ohio campsite the cubs talked with one troop leader who had brought along a seriously ill youngster for his last Jamboree and the cubs promised to cheer him up with cards from Gettysburg. The cubs also collected auto-

A. S. BARTNER DIES THURSDAY

Austin S. Bartner Sr., 64, of Silver Run, formerly of the Littlestown area, died at the Warner Hospital died Thursday at 11:30 a.m. He had been admitted to the hospital on Saturday.

A son of Isaac and Lucinda Fuhrman Bartner, he was a retired farmer. He is survived by his widow, Mrs. Elizabeth Tressler Bartner, and these children: Kathryn L. and Kenneth L. Bartner, Littlestown; R. L. Austin Jr., Westminster; two grandchildren; two brothers, Calvin L. Bartner, Westminster, and Walter M. Bartner, York, and one sister, L. Grace Bartner, Manchester.

Funeral services Saturday at 2 p.m. at St. John's Lutheran Church, Littlestown, with Rev. W. C. Karns officiating. Interment in St. John's Lutheran Church Cemetery. Friends may call at the J. W. Little and Sons Funeral Home, Littlestown, this evening.

More Tourists Are Visiting Gettysburg This Summer Than Ever According To Spot Check

A spot check of Gettysburg facilities of many different sorts ranging from the Travel Council through souvenirs, museums, hotels and motels reveals that more and more tourists are stopping off to visit the Battlefield and the many other attractions in this historic town so beautifully framed by the rolling hills and sweeping valleys of the Blue Ridge Mountains than ever before.

A check with the National Park office shows that visitors for the first six months of the year were running about 20 per cent ahead of last year's figures. Then a total of 278,636 people visited the Park from January to June. This year the figure is approximately 323,829.

Travel Council figures show that 10,475 persons asked information between the opening of the Information Bureau and June, and the rate of inquiry has been heavy throughout June and July. Evidently the council publicity has been favorably received.

Local Attractions

Visitors to local attractions such as the electric map have also been in greater numbers than in past years. Much of this is attributed to the fact that more people are on the road and that many of them are interested in places of historic interest such as the battlefield. There seems to be a greater interest in history than in the past.

Souvenir sales are running considerably ahead of last year in almost every department.

Lodging places report that it is difficult to estimate the rate of increase.

More Charter Buses

There seems to be more charter bus touring than in the past with greater numbers of school children visiting the monuments and touring the battlefield. The Boy Scout Jamboree at Valley Forge was a contributing factor here since many of those enroute stopped off on the way. And many parents from (Continued on Page 3)

11 Are Killed In Derailment

AVIGNON, France (AP) —

Eleven persons were killed and several score were injured early today when a speeding Riviera-to-Paris express train switched onto a side track and derailed.

The train, which originated across the Italian border at Ventimiglia, ordinarily carries a large number of foreign tourists to the French capital. But several hours after the accident railroad officials said they no indication of the identity of the dead or injured passengers.

Four persons were killed outright when the engine and nine cars left the tracks. Another seven died in hospitals. The train went off the tracks 25 miles north of Avignon in the yards of the Rhone Valley town of Bollene-la-Croisiere. Two of the nine cars overturned.

Camp Michaux

The new local minister served as teacher and counselor-leader in the summer camp program at Camp Michaux 1951-56 and was director of Senior-High Camp June 30 to July 6, this year. He served on the Committee of Stewardship of Mercersburg Synod for several years, becoming chairman of this committee this year. He has been a member of the Department on Evangelism and Missions of the York County Council of Churches.

The Rev. Mr. Martin was married to Miss June Hager, Doylestown, August 5, 1950. Mrs. Martin has served as a counselor at Camp Michaux during five summers and for three years she was chairman of the Christian Social Action Department of Rauch Regional Women's Guild.

The Rev. Carl Smith, Camp Hill, has been named to serve as supply pastor of the Dallastown Reformed Church.

"Rickie" Weikert Is Buried At Evergreen

Funeral services for Richard E. "Rickie" Weikert, 15-year old son of Mr. and Mrs. Donald W. Weikert, Gettysburg R. 1, who died at Warner Hospital Monday night after being struck with a pitch during a Big Little League baseball game were held this afternoon at 2 o'clock from the Bender Funeral Home. The Rev. Dr. Paul L. Reaser, his pastor, conducted the services. Interment was in Evergreen Cemetery.

The pallbearers were: John McClellan, Sidney Weikert, Ronald Asper, Gary Maitland, Stanley Prosser and Thomas Crist.

9 LOCAL SCOUTS WIN ADVENTURE AWARD AT CAMP

Adams County's Boy Scouts were among the 50,000 who left the National Jamboree at Valley Forge today to return to their homes.

The York-Adams contingent was among the group that closed the camp, taking down the tents, cleaning up the grounds, filling pits and holes and generally "breaking up camp" before leaving today.

The arrived in York this afternoon.

Two Earn Money

"The camp closes tomorrow and it means the end of the line for a lot of fun and such things as the Ching Lee Hand Laundry. Roger Craver and Harvey Bollinger, both of Gettysburg, discovered that there was a great demand for laundry service. Roger made \$7 out of the venture by washing clothing for other Scouts. Harvey discovered that you can press a shirt good with a hot frying pan."

"The closing ceremony was most impressive. All of the foreign Scouts and the Jubilee Scouts, the ones who will go on to the International Jamboree from here, were on stage for the 'Challenge to Scouting.' Then everybody took part in the closing candlelight ceremony."

"Nine of our Scouts won the Adventure award for passing seven of the 15 tests listed. Since the requirements included conservation, archery, rifle firing, etc., they were interesting to do but it was a little difficult to get the requirements in on top of all the other things that had to be done."

Nine Win Award

"Among the Scouts from Adams County who achieved the Adventure award were: Ralph Arendt, Paul Pautenis, Crosby Hartzell Jr., Wayne Miller, Nelson Freeman, Patrick Roth, Barclay Collins, Barry Fair and Steven Schmidt of Troop 28. Incidentally we had 100 per cent completion in Troop 28. Every member won it."

"From the other York-Adams troops at the Jamboree, among the winners of the award from Adams County were Robert Long, Wayne Schwartz and Stephen Klunk in Troop 26; Paul Bowman, Robert Hahn, Robert Kline, Donald Smith and Daniel Boose of Troop 27 and Larry Weikert, Donald Carver and David Lott in Troop 25. I hope I have the list complete, but I was rushed so there might be some I missed."

"All told this has been a wonderful Jamboree and I think all \$3,000 had a good time and learned a lot. At least I know the York-Adams boys did."

Mrs. Delta Z. Hoke Buried This Morning

Funeral services were held this morning at 10 o'clock for Mrs. Delta Z. Harman Hoke, 52, Abbottstown, who died Tuesday morning as a result of injuries received in an automobile accident on the Lincoln Highway near York. Services were held at St. John's Lutheran Church, Abbottstown, with Rev. Lester J. Karschner, her pastor, officiating. Interment in Mummert's Meeting House Cemetery, East Berlin.

The pallbearers were: Faber Wildasin, George Lillick, Richard Hoke, Thomas Roomberg, Mark Baker and Bernard Anthony.

400 Eager Prospectors Wait Opening Of Uranium Field

NUCLA, Colo. (AP)—

Law officers took positions in full view today of more than 400 uranium prospectors, armed and eager to dash for possession tomorrow of nearly 100,000 acres of land.

Their claims to the land, being returned to public domain by the Atomic Energy Commission after filed after 10 a.m. It's the largest land opening in Colorado history.

The rocky terrain in southwest Colorado is barren and thick with sagebrush but high-grade uranium ore deposits have been reported in varying amounts.

Although the AEC has drilled without success in several areas, Chamber of Commerce Manager Ed Nelson said, "there are reports of some good stuff out there."

The big majority of prospectors were well equipped, Deputy Sheriff T. J. Franks said, with geiger counters, drilling rigs and trucks. He said many also tote six-guns.

Franks said, "they've been fairly orderly, and there's no law against them carrying guns—unless the weapons are concealed or they try to use them."

The rules call for every truck, jeep or car to race off together at 10 a.m. No claims can exceed 600 by 1,500 feet.

GAS COMPANY ASKS INCREASE IN LOCAL RATES

The Manufacturers Light and Heat Company today asked for a \$694,500 rate increase from some 250,000 Pennsylvania customers. The increase is designed to cover the Pennsylvania portion of a \$1,407,000 wholesale gas rate increase the company will start paying Texas Eastern Transmission Corporation on November 10, Julian Estep, local manager said.

Today's action will raise a March 12 company request for new rates by another five cents a month for non-heating customers. It will add an average of about 17 cents a month to the March 12 rates for heating customers, Estep added.

Manufacturers requested that the effective date of the rates proposed today, which would normally be 60 days after the date of filing, be suspended until November 10. The rates the company asked for on March 12 have been suspended until November 13.

Manufacturers' March 12 request for new rates was made with two applications. One, like today's request, covers wholesale gas rate increases by five pipeline gas suppliers and amounts to some \$1,500,000. The second application amounts to about \$500,000. This covers higher labor costs higher prices on materials and supplies, and is designed to allow the company a larger return on its investments, Estep said.

Overall, the two March 12 requests would raise non-heating customers' bills 74 cents a month and increase heating customers' bills an average of \$1.90 a month.

WILL SPEAK IN BETHEL CHURCH

Rev. Ray Bair, Akron, Pa., will be the guest speaker at a Bible conference this weekend at the Bethel Mennonite Church on the Gettysburg-Biglerville Rd.

Rev. Mr. Bair is a graduate of Goshen College Biblical Seminary, Goshen, Indiana, and served as assistant pastor for four years in Louisville, O. He is now serving the Mennonite Central Committee at Akron.

Theme for the conference will be "The Bible In Our Day." Saturday evening at 7:30 o'clock Rev. Mr. Bair will speak on "A Letter From God To You." Following his talk he will show colored slides depicting the voluntary service program of the Mennonite Church.

Sunday morning he will speak on "The Bible In The Home" at the worship hour at 10:45 o'clock. Sunday evening he will speak at 7:30 o'clock on "The Word Of Life."

Rev. Willis L. Breckbill, pastor of the local church, has invited the public to attend.

President Due Here This Afternoon

President Eisenhower was expected to arrive at his farm by helicopter sometime this afternoon to join Mrs. Eisenhower and their grandchildren for the weekend. If the President was able to leave his office early enough he was expected to get in a round of golf with some close friends at the Gettysburg Country Club.

Major and Mrs. John Eisenhower were also expected to spend the weekend here.

Youngsters Treated For Snake Bites

Two youngsters, one of whom was admitted, were treated at the Warner Hospital for snake bites.

Donald Eugene Miller, 5, son of Mr. and Mrs. Eugene Miller, Orrtanna R. 1, was admitted after being bitten on the left foot Thursday. It is believed the child was bitten by a copperhead.

Wayne Joy, 12, son of Mr. and Mrs. Austin Joy, Emmitsburg, received treatment for a snake bite on the right foot Thursday.

Carol Weidner, 3, Gardners R. 2, was treated for a fracture of the left arm received Thursday when she fell while playing.

Mrs. John Seaks, 51, Abbottstown, received treatment for an injury to her right foot suffered when she stepped into a hole in the backyard at her home.

OBSERVES BIRTHDAY

General Arthur S. Nevins, Biglerville Rd., is observing his 66th birthday anniversary today. General Nevins served with President Eisenhower during the invasion of Europe. Since his retirement he has been the President's farm supervisor here.

STAUFFER ASKS PUBLIC TO WATCH FEDERAL PURSE

Representative S. Walter Stauffer of the 19th District, Pennsylvania, today called for the establishment of a special House committee to study and make recommendations aimed at strengthening congressional control over the public purse.

Representative Stauffer's request came in the form of a resolution introduced in the House of Representatives.

The resolution calls for the establishment of a 10-man bipartisan select committee to make the probe. Included in the group would be the chairman and ranking minority member of the House Appropriations Committee.

Would Report Findings
Representative Stauffer said the committee would be required to make a report on its findings to the full House of Representatives "as soon as practicable during the Eighty-fifth Congress."

"It has become increasingly clear in the battle over the fiscal 1958 budget that means must be found to enable Congress to perform more effectively its review and authorization of the annual budget of the Federal Government he said.

Representative Stauffer added that individual Congressmen had "indicated a scarcity of information regarding facts behind the budget" and pointed out that the House already had requested the President to make recommendations as to where specific budget cuts could be made.

Complete Study
The resolution calls for the committee to make "full and complete study of the fiscal and budget organization and operations of the Congress . . . with a view to recommending improvements . . . for the purpose of strengthening Congressional control over the public purse."

The resolution, if approved, would direct the committee to give particular attention to four phases:

1. The existing fiscal machinery and appropriations procedures of Congress.
2. Present methods of controlling public expenditures.
3. Possible defects of present budgetary practices.
4. Proposed reforms in budgetary procedures.

"The time has come," Representative Stauffer declared, "when Congress must conduct a searching self-analysis of the organization, procedures and methods by which it reviews and authorizes the annual budget as submitted by the President."

"From this effort should come a comprehensive, well-designed program which will enable it (the Congress) to perform its constitutional responsibilities effectively."

DEATH

Arthur H. Calaman, 76, of Bloomsburg, a former school teacher died Wednesday night in the Carlisle Hospital.

Born in Cumberland County, he was the son of the late John and Sarah Clepper Calaman. He taught school for 32 years on the West Shore and in Cumberland and Adams Counties. He served as secretary to the Upper Frankford Twp. school board and as township assessor.

Mr. Calaman was a member of the Bloomsburg Evangelical United Brethren Church and served for 30 years as superintendent of the Sunday School. He also served as a trustee on the parsonage board.

Surviving are a son, Leland Calaman, Hialeah, Fla.; a daughter, Mrs. George Farling, Bloomsburg; five grandchildren and seven great-grandchildren.

Funeral services at 2 p.m. Saturday at the funeral home at 169 W. High St., Carlisle, with the Rev. Marlyn Rimert officiating. Burial in Westminster Cemetery, Carlisle. Friends may call at the funeral home tonight.

News Briefs

By THE ASSOCIATED PRESS
Drought conditions prevailed over most of Pennsylvania today as farmers hoped—and prayed—for rain.

Except for occasional showers and thunderstorms there hasn't been a continuous all-day rain in the Keystone State, particularly in the southeastern section, since last April.

The dry spell has caused serious damage to crops and forced farmers to feed livestock on feed normally saved for winter.

Robert A. Powers, Chester County agricultural agent, said farmers in his area need two to three inches of rain.

The Philadelphia Weather Bureau reported that so far in July a total of only 3 1/10th of an inch of rain has fallen in the area.

NEW YORK (AP)—Billy Graham's New York crusade will be extended to Aug. 10.

A unanimous decision on extension was reached this morning when Graham conferred with his team and executive committee at a special breakfast meeting here.

Change Route Of Maryland Highway

Plans to rebuild Route 15 along the route of the present road from Mount St. Mary's College to Toll Gate Hill seem to have been scrapped according to latest reports from Emmitsburg. New plans indicate that the new Route 15 will be moved east of the present road across Mount St. Mary's College fields to the rear of the houses now fronting the highway until it swings in back of St. Joseph College to bypass Emmitsburg to the east.

Earlier reports had the new road following the present roadway a little to the west until it reached the Toll Gate Hill area when the sweep behind St. Joseph College was to begin. A new bridge will carry the road across Toms Creek.

Full page display advertisements in many publications of national circulation by the Metropolitan Life Insurance Company are devoted to the campaign to curtail accidents and fatalities on our highways. An illustration accompanies the following text:

"Stop. Caution. Go . . . and ask yourself this question: AM I A SAFE DRIVER? You are a safe driver if you . . .

Observe traffic regulations, especially about speed.

Watch other drivers and try to anticipate their actions.

Drive extra carefully when pedestrians, especially children, are about.

Know distances required to stop your car completely at various speeds.

Never drive when you are fatigued, ill or upset.

Lower your speed as darkness approaches.

Signal other motorists in ample time.

Keep your car in top mechanical condition.

You are not a safe driver if you . . .

Fail to observe right of way.

Follow too closely behind the car ahead.

Weave in and out of traffic lanes.

Pass on hills or curves when there is no clear view ahead.

Do not adjust your speed to weather and traffic conditions.

Fail to lower lights when a car approaches.

Take chances in hazardous situations.

Feel over-confident or believe accidents happen only to the other fellow.

Speed through traffic lights on the yellow signal.

Mix alcohol and driving.

Now that you have read these simple rules encourage every driver in your family to do the same thing. Also encourage your friends and others to read this as your contribution to the campaign to help curb accidents and fatalities in our community.

Aging Blacksmith Looks Over Females

TAMPA, Fla. (AP)— If you're a good stout girl and don't mind dirt and perhaps an occasional kick, there's a pretty good job open for you — as a lady blacksmith. W. E. Combs, who is 76 and one of the few horseshoers left in Florida, wants to retire but can't find anyone to take over his quite active business.

Combs figures more women than men ride horses nowadays so "I'm thinking if some good stout girl got interested in it I'd learn her to fit shoes."

He says he once thought he had a good prospect but, it turned out, "she weighed only 80 pounds. Wouldn't do."

Retarded Children Aided By Numbers

LAPEER, Mich. (AP)— Numbers are helping retarded children find their place in society.

It's done with the help of the abacus, ancient Oriental counting device, and the modern day adding machine.

Some 278 children at the Lapeer State Home and Training School use the abacus and adding machine in primary arithmetic classes. Officials say the program teaches retarded youngsters how to take care of themselves and their finances so that they can step into society.

Idaho Husband Has Session With Badger

PAYETTE, Idaho (AP)— Mrs. George Whorton of Payette found what she thought was a kitten in her downstairs bedroom. She called for her husband.

The animal intruder turned out to be a badger. Whorton spent a half hour chasing it with a broom, finally sent it scampering up the alley. The Whortons still don't know how it got into the house.

Stevens St. has notified the prothonotary of his intention to continue in business under the fictitious name of Britcher and Bender at 27 Chambersburg St. The new application was necessary because of the death of his partner, George Bender, in the Britcher and Bender store.

MEETING IS POSTPONED

SEEK VICTIMS OF PLANE CRASH AT CHAMPLAIN

PLATTSBURGH, N.Y. (AP)—Two bodies were recovered and three men were sought today in the wreckage of an Air Force refueling plane that plunged into Lake Champlain last night, setting a fire that was seen 15 miles away. Three other men escaped.

State police said the KC97 struck an underwater reef when it crashed three minutes after take-off from Plattsburgh Air Force Base.

Two men parachuted to safety. A third was pulled from the lake.

Engine Failure
The base said two of the four engines failed on takeoff. The crash occurred about a mile and a half off Port Kent, 15 miles south of Plattsburgh.

The two who parachuted landed near the base, about six miles south of the city. They were M. Sgt. Chester A. Kazminski, 32, flight engineer, Chicago, and S. Sgt. Eli S. Radanovich, 38, radio operator, South Bend, Ind.

M. Sgt. John F. Morgan, 34, flight engineer, Garfield, N. M., was pulled from the water by Charles Finley of Keeseville, who was in a boat on the lake.

Victims Identified

Plattsburgh Air Force Base today identified the dead as Lt. Malcolm McCoy, 27, of Cloyd's Landing; and Sgt. Jackie A. Jamerson, 24. Jamerson's father resides in Riverdale, Md., and his mother in Asheville, N. C.

Listed as missing were: Capt. Roger V. Smith, 33, of Dade City, Fla.; Lt. Jack L. Hagans, 24, of Robertsdale, Pa.; and Lt. Thomas W. Craven, 26, of Morrisville, N. Y., and West Plains, Mo.

Hoax Causes Three Emergency Landings

BOSTON (AP)—Three airliners carrying more than 100 passengers made emergency landings in widely separated spots last night because of a bomb hoax.

Three Air France Constellations were in the air when a woman telephoned the line's reservation desk at Idlewild Airport in New York that a bomb was on one of its planes.

One Constellation landed here. Another, bound for Mexico City, came down in Montgomery, Ala., and a third at Sydney, N. S. No bomb was found.

The plane which landed in Boston was about 50 minutes out of New York, bound for Paris, when it received radioed orders to land. FBI agents, state police and customs men searched the plane.

The 59 passengers were taken to hotels for the night. No pickup.

"THE SHADOWS"

I saw two shadows holding hands... while walking down a lane... I heard their voices echoing... a tender love refrain... I watched them as they made their way... toward the setting sun... from time to time they stole a kiss... and then became as one... if they had known that I was close... no doubt they would have fled... for lovers must have solitude... and velvet paths to tread... it happened just by fleeting chance... my being there I mean... for when the evening shadows fall... I seek a spot serene... and so I stood concealed from view... until they went their way... but deep inside my longing heart... I felt only dismay... for as I watched them disappear... into a joyful zone... I glanced around only to find... my shadow was alone.

Dynamite Threat Is Found To Be Hoax

WILLIAMSPORT, Pa. (AP)—An anonymous threat that 20 sticks of dynamite were planted in the First National Bank ready to explode was telephoned yesterday to city police. After a futile search police termed the threat a hoax.

Desk Sgt. Harry Garman said a man called and said, "I have planted 20 sticks of dynamite in the First National Bank. Pretty soon you will hear a loud boom."

5-Year-Old Girl Is Killed By Automobile

HONESDALE, Pa. (AP)—Mary Jane Brazonis, 5, daughter of Mr. and Mrs. Peter Brazonis, Brooklyn, N.Y., was killed yesterday in Lake Twp., Pa. The little girl was struck by a car operated by Leon M. Murray, 55, of Archbald, Pa. Murray was en route to a cottage at Lake Ariel.

The child was a visitor. Police said she darted out from a garage at the home of Alex Klin, of Tresslarville, Pa. The car operated by Murray skidded 62 feet before hitting the child.

Wayne County Deputy Coroner Arthur E. Bryant said the child died of a broken neck.

Miss U.S.A.

(Continued From Page 1)

compete in tonight's Miss Universe finals. Instead, the girl who was 16th in the semifinal judging last night will fill the spot. The name of this girl has not been determined.

Oscar Meinhardt, director of the international beauty pageant, said:

First Denied Rumors
"She swore to us that she is not married and her sponsor insisted she is not."

The rumors started flying last night, and Miss Maryland tearfully denied them. This morning she denied them again. At last, however, she changed her story and admitted the marriage.

Mrs. Clarence Long of Crisfield, Md., Leona's mother-in-law, told newsmen that the girl came to her three weeks ago with the children and said she was going to try for the contest.

Mrs. Long kept the oldest child and the other was turned over to a family on a farm near Baltimore. Mrs. Long said Leona told her contest officials knew she was married.

"Rags To Riches"
After winning her title, Leona told a story of rags to riches path to the contest. She said she and a cousin with whom she lived near Baltimore pooled \$45 in savings to buy a dress to enter the Maryland contest. After winning that, she said the two of them split her round trip ticket and came here together, with practically no money.

She won the title in a dress borrowed from a Long Beach merchant and said afterward she had but \$2 in cash.

Can't Find Friend
A girl who gave her name to newsmen Wednesday night as Barbara Gage said she was Leona's cousin and told part of the rags to riches saga. She could not be located today and officials expressed doubt she is related to Leona.

Confirmation of the marriage came from the Air Force and Leona's mother, Mrs. Walter Briggs of Dallas, Tex.

Last night there was a scene of confusion after the rumors started flying. The tall, slender Miss U.S.A. winner emphatically denied rumors reaching the pageant from Baltimore that she was married.

The reports caused a backstage uproar unparalleled in the history of the contest. Newsmen, photographers and television cameramen closed in on the dark-haired Glen Burnie girl the moment last night's pageant—the selection of 15 semifinalists—drew to a close.

"Never Was Married"
"I have never been married absolutely not," she said. "I can't understand how such a rumor ever got started."

The rumor originated in an anonymous tip to a Baltimore paper, even naming as her husband a G. N. Ennis of Manhattan Beach, Md.

In Manhattan Beach, Md., newsmen phoned Ennis. "I am not married to Leona Gage," he said. "I wish her all the luck in the world."

Others In Contest
Miss Universe will be chosen tonight from among six European girls, four North Americans, three South Americans and one each from Africa and Asia. The other

Leon Libby, currently playing the judge in the popular melodrama

"Witness For The Prosecution" at the Totem Pole Playhouse is celebrating his seventeenth year in the theater. He was born in Maine, the son of a pair of unusual parents, both preachers. At the age of 17, Libby made his professional debut in "The Prodigal Son" starring Edward Morgan at the Colonial Theater in Boston. In 1937 he ventured to New York City to try his hand at great-paint acting. Upon moving further west, Libby found himself a part of an important historical event, being a member of the audience at the Inquirer Theater in Chicago the day it caught fire, one of the great tragic incidences of the theater.

as far distant as Texas have visited Gettysburg enroute to Valley Forge to pick up the young scouts.

The season, one resident observed, is longer now than it used to be. Now the summers are longer and many people are taking their vacations in the cooler weather of spring and fall, both seasons when the Gettysburg area is at its best.

Eisenhower Attraction
The fact that President Eisenhower maintains residence near Gettysburg has been a significant factor in the increased interest in Gettysburg. Almost everyone who visits town wants to know where the "President lives." National publicity stemming from his frequent visits here and the fact that Gettysburg has become a national headline keeps the name of Gettysburg constantly before the public.

Recent movies and short subjects, feature pictures and magazine articles, many of them in color, have displayed the attractions of the area to millions of citizens who have always wanted to visit Gettysburg but never got around to it until now. The increased interest in Gettysburg is also manifest in the increased number of guided trips over the field.

That town traffic has been heavier is obvious to everyone. And borough police have done an excellent job of keeping motorists moving through the square over weekend peaks. They have also been the object of much favorable comment for their general helpfulness to tourists inquiring about sites of interest or accommodations.

semifinalists—in addition to Miss Gage—are: Miss Alaska, Martha Lehmann, 18, Fairbanks; Miss Austria, Hanneli Meicher, 19, Wien; Miss Brazil, Terezinha Goncalves Morango, 20, Maraca; Miss Canada, Gloria Noakes, 18, Toronto; Miss Cuba, Maria Rosa Gamio, 19, Havana; Miss England, Sonia Hamilton, 23, London; Miss Germany, Gerti Daub, 19, Hamburg; Miss Greece, Legelia Caravias, 18, Athens; Miss Italy, Valeria Fabrizio, 21, Bologna; Miss Japan, Kyoko Otani, 21, Tokyo; Miss Morocco, Jacqueline Bonilla, 19, Casablanca; Miss Peru, Gladys Zender, 1, Lima; Miss Sweden, Inger Jonsson, 20, Malmo and Miss Uruguay, Gabriela Pascal, 18, Montevideo.

MAN TAKES LIFE AFTER MURDER AT SNOW SHOE

BELLEFONTE, Pa. (AP)—One man was killed and another seriously wounded last night in a shooting affray at nearby Snow Shoe.

State police Cpl. Clifford N. Schreckengast said that Cliff McGonigal, 47, of nearby Moshannon, wounded William Fowler, 42, of Farrisville, near Lock Haven, with a shotgun blast and then turned the gun on himself.

McGonigal died of a shotgun wound in the chest. Dr. William Dreihelb, deputy coroner, issued a certificate of suicide. The shotgun blast struck Fowler in the face, arms and chest. He was taken to Centre County Hospital where his condition was reported satisfactory.

Fowler, an electrical worker, has been doing electrical wiring at the home of Reginald Laniger at Snow Shoe.

The state policeman said that McGonigal approached the Laniger home and fired a blast through a window, hitting Fowler. Mrs. Laniger ran outside and tried to take the weapon from McGonigal but failed. A short time later a second shot was heard and McGonigal was found dead.

The trooper advanced as a possible motive that McGonigal had voiced some "unfounded suspicions" about Fowler.

News Briefs

WASHINGTON (AP)—Sen. Knowland (R-Calif.) said today he plans to offer "further clarifying amendments" to the controversial Section 3 of the civil rights bill before the Senate recesses tonight. He said "no specific language has been worked out as yet" but that he expected this to be done during the course of the day in consultation with Northern Democratic leaders.

WASHINGTON (AP)—The James R. Hoffa conspiracy-bribery case went to the jury today.

U.S. Judge Burnita S. Matthews admonished the jury to reach a verdict "without sympathy or prejudice."

Judge Matthews instructed the jury for an hour 25 minutes on points of law.

Submitting the case then to the jury of seven women and five men she said it should perform its duty "thoroughly and impartially."

WASHINGTON (AP)—Lloyd Klerert, secretary-treasurer of the United Textile Workers Union, acknowledged today that he and union President Anthony Valente used \$57,000 of union funds in purchasing Washington homes.

He told the Senate Rackets Committee the money was entered on the union books as an "organizational expense" but insisted there was nothing wrong with this.

PARIS (AP)—The National Assembly today voted special powers to the government to fight the nationalist rebellion in Algeria and the wave of Algerian violence within France itself.

The vote, by unofficial tally, was 258 to 205, and a victory for Premier Maurice Bourges-Maunoury, who had risked his government by making the issue one of confidence.

KNOXVILLE, Tenn. (AP)—The defense today rested its case in the Clinton segregation trial without calling further witnesses.

Chief Defense Counsel Robert L. Dobbs, Memphis, told U. S. Dist. Judge Robert L. Taylor after two witnesses testified briefly this morning that "in order to avoid consuming any more time, the defense for the 10 defendants rest their case."

Northern segregationist John Kasper's lawyer, J. Benjamin Simmons, said he concurred. He represents only Kasper.

WASHINGTON (AP)—The House handed President Eisenhower a preliminary victory today by voting 172-154 to restore 300 million dollars to his foreign aid program. But new moves for cuts shaped up.

The teller vote on the 300-million-dollar item started a showdown session as House leaders sought to pass the multibillion-dollar aid authorization bill by tonight.

HARRISBURG (AP)—The multimillion-dollar Pennsylvania Turnpike trial entered the rebuttal stage today with some observers predicting it would go to the jury late next week.

The defense yesterday closed its case after calling more than two dozen witnesses in the last three weeks to present testimony for nine defendants charged with

Court Martial Faces GI In Child's Death

SEOUL, South Korea (AP)—A general court-martial has been ordered for Pvt. Ronald E. Fassett of Ulster, Pa., charged with negligent homicide in the death of a 3-year-old Korean boy at Inchon July 6, the U.S. 8th Army announced today.

The boy, King Young Ho, died when Fassett's rifle "discharged accidentally and shot him through the head. Conviction carries a maximum sentence of one year at hard labor.

EUB CAMPERS ARE SENT HOME ILL

WAYNESBORO, Pa. (AP)—Fourteen boys and girls camping at nearby Old Forge State Park were sent home yesterday after they became ill with summer grip.

The camp, Camp Penn, is operated by the Pennsylvania Conference of the Evangelical United Brethren Church, entertaining about 200 boys and girls at a time.

About 30 of the campers were examined by the camp physician, who advised sending 14 of them home.

Robert Hykes, supervisor of the camp, said the health of the remaining 196 campers was good and that they expected 210 new campers on Sunday.

Hykes said the illness was the first that has developed in the 12 years the church has operated the camp.

Chief's Uniform Attracts Respect

CHARLESTOWN, W. Va. (AP)—Mayor John T. Copenhaver ordered the city's new police chief, former Detective Lt. Dallas Blas, to wear a fancy \$300 uniform.

It had four stripes of a Navy captain, the epaulettes of an Air Force colonel, and a cap visor with "scrambled eggs" reminiscent of Gen. MacArthur's finest hour.

The first time Blas wore it on a downtown street, a sailor just out of boot camp came to rigid attention and saluted him.

Colesburg Citizens Don't Need Papers

COLESBURG, Iowa (AP)—This community of 326 persons has no newspaper but news gets around just the same.

J. C. Bolsinger, a business man here for 49 years, gave use of a piece of downtown property on which the community club has glass-enclosed bulletin board in public use.

NAME REMAINS

ELIZABETH CITY, N. C. (AP)—One of Elizabeth City's busy intersections is known as Dog Corners.

The name dates back to the 1890's when a popular barroom faced the streets. To pass the time of day, men would move outside where dog fights were held with as many as six canines participating.

conspiring to fleece the oil road commission of 19 1/2 million dollars. Only five of the defendants took the stand in their own defense.

BUDGET BUREAU SHOWS SURPLUS IN FISCAL YEAR

WASHINGTON (AP)—A surplus of \$1,645,000,000 was recorded by the federal government for the fiscal year which ended June 30.

The Treasury and the Budget Bureau reported the amount today.

The balance for fiscal 1957 was the second successive black-ink showing. A third balanced budget recommended by President Eisenhower now is pending before Congress.

Receipts Noted

The statement issued by Secretary of the Treasury Humphrey and Director Percival Brundage of the Budget Bureau showed federal receipts of \$70,989,000,000 and expenditures of \$69,344,000,000 for the 12 months ending June 30.

Expenditures were 444 million dollars higher than were estimated in January when the fiscal year was half over, while receipts were 361 million dollars higher than the January estimate.

The public debt at the end of the bookkeeping year was \$270-, 634,309,846, a reduction of \$2,190-, 352,278 from the level a year earlier.

Larger Outlay

The statement said the increase in outlays was "mainly due to larger expenditures for the Department of Defense which were not fully offset by lower expenditures in other departments."

In fiscal 1955 the government had a deficit of \$4,200,000,000. Buoyed by rapidly rising tax collections, receipts exceeded spending in the following year, fiscal 1956, by \$1,600,000,000, or approximately the same size surplus as was reported for the year which ended June 30.

The budget which Eisenhower sent to Congress in January, covering fiscal 1958, calls for spending totaling \$71,800,000,000 and receipts of \$73,600,000,000, for an anticipated surplus of \$2,800,000,000.

McCONNELL PAYS FAREWELL VISIT

WASHINGTON (AP)—Rep. McConnell (R-Pa.), who is retiring from Congress Sept. 1, paid a farewell call on President Eisenhower today.

"The President expressed great regret that I am leaving, and he wished me all the luck in the world," McConnell said at the White House.

He is giving up his seat in Congress to become executive director of the United Cerebral Palsy Assns. with headquarters in New York.

In response to a question, McConnell, senior Republican on the House Education and Labor Committee, said he believes a school construction bill approved by that committee has a "fighting chance" for house approval at this session.

McConnell declined to predict what may happen to the bill in the Senate. Prospects for any action there appear quite dim.

FIFTEEN YEARS AGO

9,000 Apply For Gas Cards In This Area: While the rationing board members and staff studied regulations covering supplemental gasoline grants behind closed doors at the rationing office Monday afternoon reports gathered from approximately 100 schools in the county where passenger car owners registered last week showed that about 9,000 applications were handled in the county.

200 Tons Of Scrap Rubber Gathered Here: By collecting more than 200 tons of scrap rubber, Adams County went "over the top" in the recent salvage campaign, according to an announcement made by O. H. Benson, chairman of the county's "Salvage for Victory" committee.

Here And There: A young man, six-foot-one inch tall, 22 years of age, keen of eye, soldierly bearing, stood in Adams County naturalization court and with right arm raised, took an oath of allegiance to his adopted country, the United States of America.

Thus Adolph Weidenbach, a native of Heidelberg, Germany, of English and German descent, an immigrant of three years holding an honorable discharge from the United States Army, became a citizen of the United States.

One of the witnesses on that memorable occasion, August 22, 1914, when the late Judge Samuel McC. Swope signed the naturalization papers, was the late Dr. J. A. Singmaster, then president of the Gettysburg Lutheran Theological Seminary.

Today Adolph Weidenbach is Brigadier General Charles Andrew Willoughby, United States Army, and Intelligence Officer on the staff of General Douglas MacArthur in Australia. His promotion from colonel was approved last week by Congress.

280 Students Repair 1,738 Farm Machines: A total of 1,738 pieces of farm machinery and equipment were repaired, reconditioned or constructed by 280 undergraduate and adult vocational agriculture students in five Adams County High Schools during the last school year a summary released today by Richard C. Lighter, county vocational education advisor disclosed.

Special emphasis was put on the farm machinery reconditioning and repair program to help meet the expected shortage of new farm machinery because of war demands for metals.

Miss Clark Resigns Post: Miss Sara J. Clark, superintendent of the Warner hospital for the last six years, has submitted her resignation to the hospital board of directors, fixing August 10 as the effective date.

Before her advancement to the superintendency as the successor to Miss Martha McKay, Miss Clark was in charge of the operating room of the hospital for 11 years.

Southeastern Firemen Meet Here Thursday: Several hundred members, delegates and guests of the Firemen's Association of Southeastern Pennsylvania met in Gettysburg Thursday evening with the Gettysburg Fire Company as hosts.

Following the address of welcome by George A. McClellan, veteran fireman, on behalf of the local company, the burgess, Fred G. Pfeffer, was introduced by James B. Aumen, president of the Gettysburg Fire Company.

Ensign Philip Jones Goes To Anacostia: Ensign Philip M. Jones, West Broadway, son of Mr. and Mrs. M. C. Jones, of Hanover, was among 300 former athletic directors, coaches and physical training experts graduate from a special indoctrination course at the United States Academy today. He received his commission some time ago.

Ensign Jones has been assigned to duty at the Naval Reserve Aviation Base, Anacostia, near Washington.

Today's Talk

THINGS YET TO BE

A lively imagination is something that may be, or become, a great asset. It makes us observant, eager, active, and ambitious. It is a good plan to think of things yet to be. In all our great advance in engineering men's minds have been forever devoted to things ahead, to things yet to be.

There are in the shops and plants all over this country, and every other country, plans and inventions that will become a part of our daily lives, the same as plans of today were yesterday's dreams. Constructive minds are the ones that have made all modern advancement the wonders of the age. You can't house vision away from an active and determined mind. Things yet to be are in thousands of laboratories, being prepared for the advancement of tomorrow.

Every new invention is the promise of one, or many that will surpass it. That is why we have self starters, and "all the trimmings" on our modern automobiles. Things yet to be are in many a man's mind and on drafting boards. That is the picture of progress and man's restless desire for better things and more useful ones.

The things that are yet to be in many a young life, now picture the future of leaders and world statesmen. Let us pray that one of the things yet to be may be an end of war forever and for an endless peace! That would give to the world a change that would bring it more happiness than anything in past history. May we think on these things that are yet to be and try to play our part in bringing them to a glorified triumph!

Tomorrow Mr. Adams will talk on the subject: "The Benefits Of Change"

Just Folks

TO REMEMBER

I must remember to be kind
And always to be fair,
And I must always keep in mind
Grief will be mine to bear,
Forgetful of my fellow-men,
Their need I fail to see,
I know I should remember then
Helpful to them to be.

I must remember I alone
Have yes or no to say,
And that my spirit will be shown
To all who pass my way,
I must remember to be just
When bitterness is met,
And oh, remember ways I must
Which often I forget.

LEADER SIGNS APPROPRIATION FOR STATE UNIV.

HARRISBURG (AP)—Gov. Leader today signed highly controversial legislation laying the groundwork for a 250 million dollar water reservoir system in southwestern Pennsylvania.

The system, involving the proposed flooding of 31 square miles of land in Westmoreland County to be known as Indian Head Reservoir, would serve Somerset, Fayette, Westmoreland, Allegheny, Washington and Greene Counties.

It would be built by the American Waterworks Co., whose head, John H. Ware of Philadelphia, envisions a 43-mile underground aqueduct system to carry mountain water to Pittsburgh.

The reservoir would be one of the nation's largest—with a half-mile-wide dam. The Isaac Walton League of Conneville believes the dam, across the headwaters of Indian Creek and the Casselman River, would be second in size only to Hoover Dam.

Just a week ago some 500 residents of the Allegheny Mountain foothills met at Indian Head, eight miles south of Conneville, to protest the legislation. They contend it would flood some 5,000 persons from their homes; destroy villages and churches established in the 18th Century and wipe more than three million dollars in assessed valuation from township real estate tax rolls.

"Sneaked" Through
They contend the measure was "sneaked" through the Legislature without sufficient publicity.

Claims More Liars Have More Hearers

PALO ALTO, Calif. (AP)—The sudden rise of mass communications has made this a golden age for liars, says Author-Critic Bruce Bliven.

The former editor of the New Republic Magazine spoke to the Pacific Coast English Conference on "How to Lie and Get Away With It."

Bliven said there is about the same proportion of liars in all centuries but modern mass communications — radio and television — "make it possible for liars to reach an audience thousands or millions of times larger than in the past."

The worst liars, he said, are the Communists, but few outside Red countries believe them.

SOME OPPOSE LIMITATIONS ON NEWS RULE

By ERNEST B. VACCARO

WASHINGTON (AP)—Secretary of State Dulles' offer to allow a "limited number" of American reporters to visit Red China for a trial period got a mixed reaction on Capitol Hill today.

Sen. Mansfield (D-Mont.) called it "the first break in the paper curtain" and "better than no American coverage at all of Red China." He commended Dulles for proposing it, but news representatives who received the offer yesterday balked at the limitations it contained.

Mansfield expressed hope the limits would be "sufficiently large to insure a square deal for all elements of legitimate communications media."

In a separate interview, however, Sen. O'Mahoney (D-Wyo.) objected to the idea of the State Department saying "who could, and who could not report."

Opposes Handpicking
"Under a free press a government official is not permitted to say what segments of the press should be permitted to cover the news anywhere," he said.

Sen. Aiken (R-Vt.) said in another interview that neither the Red Chinese government nor the State Department should "hand pick the reporters who would visit Red China."

The State Department, which controls passports, now bars all Americans from going to Communist China, which this country

does not recognize.
Dulles proposed a six-month trial of his limited plan yesterday at a meeting with five representatives of American news organizations. But they disagreed with his proposal that the number be limited to perhaps 1 or 15 news-men.

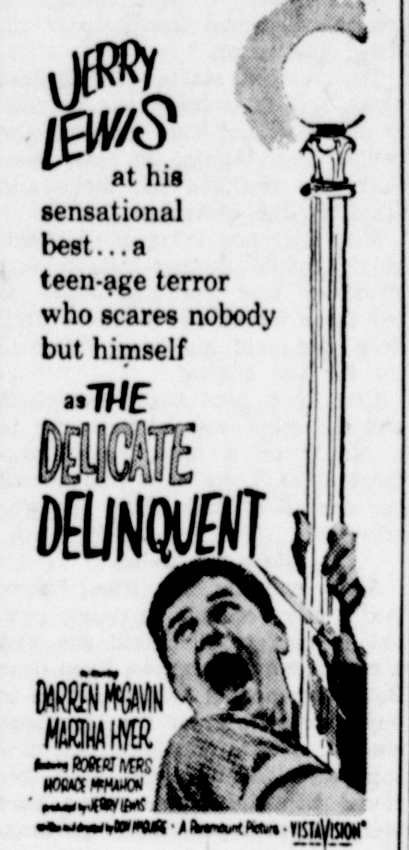

To Conduct Poll

The result was a decision to determine how many newsmen actually would be interested in going.

The State Department will poll newspapers, news services, magazines and radio and television companies shortly to find out how many want to send correspondents to Red China.

Asst. Secretary of State Lawrence Berding said Dulles argued that unless the number was controlled, a very large group of reporters might go to Red China and he is

Braves Sweep Phils Series To Take League Lead; Bums In Second; Yanks In Spurt

By ED WILKS
The Associated Press

If you've got the idea the National League contenders have rolled over and played dead once they made the top, you're right. Nobody loses like the leaders these days.

Since the scramble really got tight early in June, the lead has changed hands no less than 10 times, with Milwaukee's Braves moving back in with a one-game edge last night on a 4-2 victory at Philadelphia after Brooklyn socked St. Louis out of first with a 10-9, 11-inning stunner.

All five of the contenders—Milwaukee, St. Louis, Brooklyn, Philadelphia and Cincinnati—have been in the lead since June 8, and in that time, they've played at a combined .400 rate while in first place.

Wins 7 of 13
Only the Braves have played over 500 while on top, winning seven of 13 games for a .538 percentage. The Cards were 7-9 while in first for 438 Cincinnati won only two of eight for .250. Brooklyn (0-1) and Philadelphia (0-2) didn't win once while in the lead. Cincinnati's Redlegs, who have managed to stay within two games of the top although losing eight of their last 12, remained a close fifth with a 2-1 decision over the New York Giants yesterday. Pittsburgh defeated the Chicago Cubs 6-5 with four in the ninth.

The American League took on a look of complete collapse. The New York Yankees as the world champions opened up a five-game lead, their largest bulge of the season, with a comeback, 3-2 victory at Detroit while Baltimore scored five in the ninth to beat the second place Chicago White Sox 6-2. Boston defeated Kansas City 3-1 and Washington blanked Cleveland 4-0.

Braves Without Aaron
The Braves, who have won six of nine since the All-Star break to take the lead for a fourth time, were without slugger Hank Aaron for the win of the three-game sweep at Philadelphia. But Del Rice drove in three runs, two with a homer off loser Curt Simmons, to take up the slack as Aaron rested an injured ankle and joined Joe Adcock, Del Crandall, Felix Mantilla and Bill Bruton on the injury list.

Schoendienst In Center
Second baseman Red Schoendienst, who started three of four Milwaukee doubleplays, played the last two innings in center field in the make-shift Braves' lineup—the first time he's played the outfield since 1947 with St. Louis.

The Dodgers, winning six of seven, moved past the Phils into third, 1½ games behind, left the Cards all shook up with an unearned run in the 11th. The Brooks rallied for five runs in the ninth—capped by Gil Hodges' 11th grand-slam homer for a share of the NL record with Rogers Hornsby and Ralph Kiner—to rub out a 9-6 deficit after the Cards had put together a seven-run comeback in the top of the ninth.

Two-Run Homer
Gus Bell rapped a two-run homer and added two singles for the Redlegs as Johnny Klippstein won his fourth with relief from Raul Sanchez in the ninth after Bobby Thomson's leadoff homer junked a shutout. Stu Miller was the loser.

The Yankees scored all three in the eighth—after being held to two hits for seven innings by Billy Hoelt. The Tiger left, now -5, was tagged for Jerry Coleman's one-out single, a walk and Yori Berra's single for the first run. Then Hank Bauer poked a two-run double. Al Cicotte won in relief, but needed Bob Grim's relief to get out of a two-on, none-out jam in the eighth.

3 Unearned Runs
Baltimore had managed just three hits off Jack Harshman until the ninth, when the Orioles counted three unearned runs among their five. Billy Goodman's

pinch single scored two to win it for reliever George Zuverink.

The Red Sox picked up a pair of unearned runs at Kansas City and Ted Williams banged a triple for a -0 lead in the third off loser Tom Gorman. Tom Brewer won his 11th, giving up a Billy Martin homer in the third.

Camilo Pascual, who has pitched both of Washington's shutouts this season, no-hit the Indians for six innings and wound up with a three-single job for 7-10 record.

Glenn L. Beam vs. Lions, 6:15.

The Little League race continued to move right down to the wire when the Moose topped the league-leading Rotary Tigers 7-2 Thursday evening. The Moose now stand one full game out of first place with both teams playing one more game.

It was the Tigers who broke the ice in the initial frame as they crossed the plate twice to take an early 2-0 lead. Dan Kennell led off with a walk while Tommy Collins followed with a fielder's choice with one out. Jim Davies then blasted a single to center, Larry Eckert got on via an infield error while John Longanecker came through with a clean single to right and a fielder's choice on Jay Hartzell's bouncer allowed Collins and Davis to score.

The Moose moved ahead in the top of the second with a three-run rally and were out in front the remainder of the game although the Tigers threatened in the bottom of the second and fourth innings, but were stopped short before they could score. Singles by Cletus Redding, Richie Fair, Dick Fisel and Paul Plank accounted for the Moose's three runs.

The winners went on to score one run in the fourth and fifth and their final two in the sixth. A long double off the bat of Gary Fair was the main factor for the two tallies in the final frame.

Gary Fair led the winners' attack with three hits for three trips to the plate while Tom Collins and Jim Davies collected four of the Tigers' five hits. Fair, who went the distance, captured his seventh win against two setbacks for the best record in league competition. Davies started on the mound for the Rotary and charged with the loss. Longanecker came on in the sixth to relieve him.

16 SURVIVE IN STATE AMATEUR GOLF TOURNEY

PA AMATEUR GOLF BJT
PITTSBURGH (AP)—Defending champion John Dyniewski of Philadelphia today headed a list of 16 survivors in the third and fourth match play rounds of the 44th Pennsylvania Amateur Golf Tournament at Oakmont Country Club.

All advanced by whipping opponents in two gruelling rounds yesterday. The original field of 64 players will be further reduced to eight semi-finalists in today's play.

Western Pennsylvania dominated the first two rounds and 10 of them advanced. Four Philadelphia area players and two from Central Pennsylvania also moved ahead.

Dyniewski, from Manufacturers Country Club, eliminated Steve Rodnock Jr., Pittsburgh, 5 and 4, and Burt Gookin, Pittsburgh, 3 and 2.

Howard Everitt Wins
Howard Everitt, the 1946 champ who also represents Manufacturers, had little trouble whipping Charley Totten, Pittsburgh 6 and 5, and Sam Musico, Chartiers, 3 and 2.

Other former champions advancing were John Guenther of Reading, who won in 1952, and Fred Paine, the 1955 winner from the host club.

Guenther trounced Martin Carroll Jr., Pittsburgh, 8 and 7, and eliminated Clyde Oskin, Bethlehem, 4 and 3. Paine defeated two Conoquessing players, Mike Babin, 4 and 3, and Bob Thompson, 2 up.

Other Survivors:
Grant Morrow, Pgh. Shannopin, eliminated Jack Ferrante, Conoquessing, 2 up, and Joe Lewis, Phila. Whitmarsh, 3 and 1.
Jim Curti, Pgh. Churchill Valley, eliminated Bob Reid, Pgh. Stanton Heights, 3 and 2, and Joe Truscel, Pittsburgh, 4 and 3.
Dick Semple, Pgh. Allegheny, eliminated Wade Hersperger, Pgh. Shannopin, and Bob McCreary, Pgh. Youghiogheny, both 7 and 5.
Bob Reilly, Pgh. Highland, eliminated Dave Wilder, Pgh. Schenley Park, 8 and 7, and Ray Korody, Greensburg, 4 and 3.
Ron Schwarzel, Duquesne, eliminated Bob Hixson, Pittsburgh, 4 and 3, and Henry Rutter, Pgh. Highland, 6 and 5.

Lou Kumer, Pgh. Churchill, eliminated Jack Mahaffey Jr., Oakmont, 1 up and Jack Date Jr., Pgh. Churchill, 1 up.

Robert Steward, Phila. Manufacturers, eliminated J. Kuchinich, Churchill, 8 and 7, and F. X. Totten, Pgh. Field Club, 4 and 3.
Bob Battidorf, Reading Berkshire, eliminated Alex Kosanovich, Pgh. Churchill, 2 and 1, and Larry Bell, Allentown Lehigh, 2 and 1.
John Fraser, Phila. Whitmarsh, eliminated Frank Souchak, Oakmont, 3 and 2, John Hendrickson, Phila. Cricket, 2 and 1.
Jim Holding III, Pgh. Longue Vue, eliminated El Thomas, Carnegie, 5 and 4, and Joe Howard, Pgh. Baldock Hills, 3 and 2.

Tom Smith, Greensburg, eliminated Bob Ornitz, Greensburg Westmoreland, 3 and 2, and Harry Gurentz, Westmoreland, 3 and 1.
Bud Semple, Pgh. Allegheny, eliminated R. W. Dinsmore, Reading Berkshire, 8 and 6, and Fred Brand Jr., Pgh. Field Club, 5 and 4.

Beck And Konsek Face New Challenge
WASHINGTON (AP)—Larry Beck and John Konsek, a pair of par-shooting youngsters, face new challenges today as they battle for quarter-final slots in the U.S. Golf Assn. junior championships.

Konsek, 17, of Lancaster, N. Y., was matched against steady Gordon Baker of Florence, S. C., at Manor Country Club in nearby Maryland this morning. Beck, 17, son of a Kingston, N. C. pro, was lined up with Bob Walter of Hutchinson, Kan.

Konsek and Beck emerged as serious threats for the national junior title yesterday at the halfway point of the elimination tournament.

James MARLOW Reports

The Associated Press

WASHINGTON (AP)—There is an almost topsy-turvy air about the Senate fight over the civil rights bill which President Eisenhower's administration backed.

And like offstage music one question hovers over all that's being done: who gets what out of this—Negroes, the Republicans, the Democrats?

The administration put the heat on House Republicans last June to pass this bill intact, as the administration wanted it. They got behind it in big numbers.

The Republicans are conscious of the growing importance of Negro votes in the North. With passage of this bill, they could expect a show of political gratitude from Northern Negroes in the next elections.

GOP Claim

And if the bill, as passed, had any real teeth in it and enabled more Southern Negroes to vote, the Republicans could expect benefits there, too.

The degree of Negro gratitude, however, may be in direct relation to (1) whether the bill passes and (2) whether it has teeth.

No matter what happens the Republicans can claim that Eisenhower and Sen. Knowland of California, Republican Senate leader, led the fight for it.

But when the House-passed bill got over to the Senate, and Southern Democrats began their real fight against it, Knowland felt pressure to weaken it. Together with Sen. Humphrey (D-Minn.), he proposed a softening amendment.

Complication in Senate

And Knowland has further changes in mind, although the House went down the line to pass almost exactly the kind of bill the administration asked.

But there is a complicated situation in the Senate.

There the Republicans can hardly be called all Eisenhower Republicans. But because of the circumstances—a bill backed by Eisenhower and Knowland—those who follow Eisenhower will back some kind of bill, and so will those who like Knowland.

The Democrats, North and South, have their own problem: with Southerners against it and some, if not all, Northerners for it, the Democrats have the task of preserving some kind of party unity.

Behind the scenes Sen. Lyndon Johnson of Texas, Senate leader of the Democrats, is working to

NEGRO NAMED TO CABINET BY GOV. LEADER

HARRISBURG (AP)—Andrew M. Bradley took over the post of secretary of property and supplies, the first Negro to become a department head in Pennsylvania history.

Gov. Leader promoted Bradley late yesterday from the post of budget secretary to head the state's huge purchasing and housekeeping agency. The post pays \$20,000 annually.

Bradley succeeded John S. Rice, Gettysburg, who resigned to return to private life.

The governor, in making the appointment, said that Bradley was the "outstanding choice" for the job. He had been Leader's budget secretary since the start of his administration in January 1955.

Leader Lauds Rice

John H. Ferguson, secretary of administration, was named to succeed to the duties also of budget secretary. The governor said this was possible only because the budget had been approved.

In accepting Rice's resignation, Leader termed him "an outstanding public servant."

Rice, whose home is at Gettysburg, is now in Europe on a vacation. He was understood to have submitted the resignation a week ago, expressing a desire to retire from public life.

Bradley and Ferguson were sworn in yesterday afternoon. The appointments, made after the 1957 Legislature adjourned, must be submitted to the Senate during the 1958 session for confirmation. However, the Leader administration will leave office in mid-January 1959.

CASPER, Wyo. (AP)—Lyle Svoboda got suspicious when he spotted two men in a car watching his service station.

He quietly telephoned police, and soon a squad of officers armed with riot guns drove up.

They surrounded the car, whose driver identified himself as a Minister, Ill., police judge waiting to use a telephone booth nearby.

BRYSON CITY, N.C. (AP)—Wil-

son produced a compromise which Northern and Southern Democrats, and perhaps Republicans, can accept.

Johnson, whose Democrats have a majority in the Senate, is in the strange position of watching Knowland, leader of the Republican minority, put up the fight for civil rights which the Democrats had always promised.

50,000 Scouts Are Leaving Jamboree

VALLEY FORGE, Pa. (AP)—Some 50,000 Boy Scouts were homeward bound today from their week-long fourth national jamboree at historic Valley Forge Park.

But for some 1,700 picked scouts and leaders representing every state and U.S. possession, there was still another adventure ahead. This is the jubilee contingent—the group which leaves now for Sutton Park near Birmingham, England, for the international jamboree.

They leave in two groups, the largest from Ottawa on the S.S. Fairsea on Monday and a spillover of 16 who leave today aboard the S.S. Castel Felice from New York.

DEMOCRATS ARE UNHAPPY ABOUT INTEREST BOOST

By R. L. LIVINGSTONE
WASHINGTON (AP)—Democrats in Congress today fired charges of "immoral" and "inflationary" at new Treasury offerings of government securities bearing an interest rate of 4 per cent—a new post-depression high.

But a Republican, Sen. Edward Martin of Pennsylvania, said the government must "compete for money just like a corporation or an individual."

A flurry of partisan criticism built up in the wake of public announcement by the Treasury yesterday that it will pay 4 per cent interest on 4 billion dollars worth of debt refinancing coming due in August and October.

Not since October 1943, when it refunded an issue of the Fourth Liberty Loan, has the government paid an interest rate on its debt as high as 4 per cent.

Have Alternate Rate
A Treasury spokesman said this was the lowest rate "at which we thought we could sell government securities of these maturities."

The 4 per cent rate was offered for one-year and four-year securities, with an alternative of 3½ per cent for a four-month certificate maturing Dec. 1.

Martin commented that "if these are the best terms the Treasury department can secure, I don't see anything else it can do."

But Congressional Democrats already critical of the administration's "tight money" policies and

laid Lloyd Dorsey, 3, of Bryson City, received a six-month suspended sentence after pleading guilty to stealing a moonshine liquor still from the county jail.

Police said Dorsey took the still, which had been confiscated in a raid, as he was leaving the building after visiting a friend.

LEADER SIGNS NEW BILL FOR WATER SYSTEM

HARRISBURG (AP)—An appropriation of \$29,713,400 to Pennsylvania State University for the 1957-58 fiscal period was approved by Gov. Leader yesterday.

Dr. Eric Walker, university president, immediately termed the figure inadequate and said an earlier announcement that student fees would be increased in September would take effect.

The appropriation is more than eight million dollars less than was requested by the university. It is exactly two millions beyond what Leader had recommended, however.

The two millions were added in the Senate during the final days of the 1957 Legislature after the House had voted the lesser appropriation. The university received \$25,194,000 during the 1956-57 fiscal period.

Amount Not Sufficient
"It falls far short of the amount we deemed necessary to do the job which the people of Pennsylvania expect and in some cases demand of us," Walker said of the new subsidy. He added that it made no provision "for constantly growing demands."

Walker said plans for a new men's dormitory would be put off "for the time being."

Under the new law the money will be distributed in this manner: Salaries, maintenance and supplies—\$29,768,400; crop and livestock research—\$150,000; petroleum research—\$100,000; coal by products research—\$70,000; research in nonmetallic mineral industries—\$35,000; mineral industries research—\$32,500; and matching funds for mineral industries research—\$57,500.

Another Penn State bill signed by Leader appropriates \$50,000 for use by the school of agriculture for the erection of experimental mushroom houses and research in the communicable diseases of mushrooms. The appropriation was not recommended in the budget.

Attacks Humphrey
Rep. Muller (D-N.Y.), a member of the House Banking Committee, said Secretary of the Treasury Humphrey was "leaving a great heritage behind—the heritage of the greatest increase in the government debt since the depression."

Muller said the hike in interest rates now "sets the trend for all private lending," and declared: "I can't think of any one thing that would be more inflationary."

Rep. Patman (D-Tex.), also a banking committee member, called the new interest rate "terrible" and "immoral."

Patman charged that Humphrey, soon to leave his Treasury post to enter private business, "set the pattern" when he first took office by "arbitrarily" upping interest rates on long-term bonds from 3 to 3½ per cent.

"The interest has been going up ever since," Patman said. "It just helps the banks and the investment people."

False Bomb Report Delays Big Plane

BOSTON (AP)—A bomb hoax caused a New York to Paris Air France Constellation to turn back while 140 miles east of Cape Cod last night and land here with 59 passengers.

A woman telephoned the air line's reservation office at New York's Idlewild Airport shortly after the big plane had taken off. She said a bomb was aboard the craft.

Word was flashed to the ship to land at Boston. The passengers were hustled off and FBI men, state police and customs officers searched the plane. Baggage was checked by fluoroscope but no bomb was found.

The plane resumes its flight this morning.

SEEK BOOST IN WAGE LEVEL OF HOTEL PEOPLE

PHILADELPHIA (AP)—The state may try to raise the wage floor for women and children in the hotel, restaurant and laundry industries, the first to be affected when the state's Minimum Wage Act went into effect in 1937.

In the 20 years since then, Labor and Industry Secretary William L. Batt observed yesterday, the floor in these industries has remained unchanged: 35 cents an hour for employees of hotels and restaurants and 27 cents for laundry workers.

"We're trying to breathe a little

tries research—\$57,500.

Another Penn State bill signed by Leader appropriates \$50,000 for use by the school of agriculture for the erection of experimental mushroom houses and research in the communicable diseases of mushrooms. The appropriation was not recommended in the budget.

SEEK REVERSAL OF HOUSE VOTE ON FOREIGN AID

WASHINGTON (AP)—Foreign aid supporters counted on President Eisenhower's appeal and a big House attendance today to reverse a heavy cut voted Wednesday in the foreign aid bill.

But both friends and foes of the multi-billion-dollar measure were cautious about predicting the outcome as the House gathered for a showdown.

The lawmakers prepared to meet earlier than usual in a drive to finish action on the embattled bill by nightfall.

As it now stands, the bill authorizes \$3,042,333,000 to aid other countries economically and militarily during the next 12 months. This is \$802,300,000 less than Eisenhower sought, counting the 200 million dollar cut voted Wednesday by the House.

First on tap today was a leader-

life into the law," Batt told a press conference yesterday.

Affects Women, Minors
The minimum wage act applies only to women and minors and does not set specific minimums. Under the law, the labor secretary may investigate an industry, name a fact-finding board and then accept or reject the board's findings.

Batt said the three industries comprise the majority of firms hiring women and minors in the state.

On another subject, Batt reported that some 3,000 to 3,500 silicotic anthracite miners will be without occupational disease benefits for the final six or nine months of the two-year fiscal period which ends June 1, 1959. He attributed this to a two million dollar cut in the department's request for 15 million dollars for this benefit, which pays \$37.50 a week for total disability.

Four Railroads Will Be Purchased

BETHLEHEM, Pa. (AP)—The Central Railroad of New Jersey has agreed to pay 3½ million dollars for four railroads in a deal with the Lehigh Coal and Navigation Co.

The roads are the Lehigh and Susquehanna; the Nesquehoning Valley; the Trescow, and the Wilkes-Barre and Scranton railroads. All of them have been operated under lease by Jersey Central for 80 years.

Lehigh Coal, President C. Mallard Dodson said the sale would enable Lehigh to rid itself of leased railroad properties. He said the move would enable the firm to broaden its corporate powers and carry out a program of diversification. Lehigh will continue to own the Lehigh and New England Railroad.

ST. LOUIS (AP)—Barak T. Mattingly, 56, widely regarded as the dominant Republican leader in Missouri for many years, longtime counsel for the GOP National Committee, died Thursday.

ATLANTA (AP)—Dr. Samuel A. Visanska, 88, Atlanta's first recognized pediatrician and credited with changing the shape of a baby diaper from a triangle to an oblong, died Thursday.

The University of North Carolina basketball team wears blue and white stockings to match their uniforms.

PRINCETON, N. J. (AP)—Bessie, a Brown Swiss cow, has a proclivity for productivity. She is, in fact, the new world record-holder for butterfat production in a single year.

From April, 1956, through April 1957, she manufactured the equivalent of 14,496 quarts of milk and 1,930 pounds of butter. In dairy-men's terms that's 31,166 pounds of milk and 1,544 pounds of butterfat.

Her record stands for all breeds, reports the dairy department of Rutgers University.

Bessie displaces an Illinois Holstein in the championship stall. The previous record was 1,523 pounds of butterfat.

EAGLES' WOMEN TO MAKE CRUISE

The Ladies Auxiliary of the Eagles met Wednesday evening at the Eagles Home and discussed preliminary plans for a moonlight cruise. It was announced that the pair of aluminum utility crutches are available for community use by calling Mrs. Mabel Rittase. A pair of boys crutches were donated to the Auxiliary by Mr. and Mrs. Marion Kagarise.

Mrs. Ethel Rimel, Mrs. Mabel Rittase and Mrs. Mary Kraft were appointed to serve as the food committee for the Friday night public parties held by the unit in August. Reports were received from Mrs. Rittase, secretary; Mrs. Ruth Crouse, treasurer, and Mrs. Leanna Bowman, trustee. The guest package was won by Mrs. Ruth Crouse, and Mrs. Cleneva Hood were appointed to serve as hostesses at the next meeting, August 7. Refreshments were served by Mrs. Leanna Bowman and Mrs. Edna Olinger.

The second annual picnic for members of the Junior Woman's Club of Littlestown and their families was held Wednesday evening at Crouse's Pool, near town. A basket lunch was served followed by games and prizes for the children. There was also swimming. A contest for the adults was won, a tie, between Mrs. James Myers and Mrs. Richard Barnes. At a recent meeting of the executive board, it was decided to change the date and place of the monthly meetings from the second Thursday of each month to the second Wednesday. The next meeting on September 11 will be held at the Eagles home on W. King St. The

The next meeting of the club will be held Monday at 1:30 p.m. at Grace Church Hall, Two Taverns. The annual 4-H day camp will be held at the South Mountain Fairgrounds, near Arendtsville, on Thursday. All the 4-H members of Adams County are invited to attend.

NEW YORK (AP)—The stock market turned narrowly mixed early today after a slight early rise. Most leading issues showed fractional changes.

Aircrafts, steels, motors and some oils retained an edge to the upside. Utilities drifted off slightly. Rails and base metals were mixed.

On the American Stock Exchange prices were irregular. Corporate bonds were mixed.

executive board also enrolled two new members into the club, Mrs. John F. Feeser Jr. and Mrs. Clyde W. Crouse.

The next meeting of the Abigail Kammerer Missionary Society of St. Paul's Lutheran Church will not be held at the Gross cottage as previously planned. It will be held for members and their children on July 30 at 6:30 p.m. at the home of Mrs. Paul C. Mayers, Prince St. Each member is asked to take a covered dish.

A picnic will be held in connection with the July meeting of the Littlestown Spotters of the Ground Observer Corps on Monday evening. Arrangements are in charge of Kenneth Miller, James Hahn and Dale Duttrier.

14 ARE HELD FOR PLOTTING NASSER DEATH

CAIRO (AP)—Egypt's semi-official Middle East News Agency has confirmed reports that 14 men are being held on charges of plotting to assassinate President Nasser and members of his regime.

Salah El Din, foreign minister in the last Wafdist party government before the overthrow of King Farouk in 1952, was named as the ringleader.

The announcement said nine former military officers and five civilians were arrested in April and are awaiting trial in a military court.

No trial date was mentioned. They were rounded up, the agency said, just before they were reported ready to invade Nasser's government offices during a Cabinet session, assassinate the entire group and set up a government.

The report said Salah El Din was to become Premier and Abdel

Fatih Hassan, former Defense minister, was to become Interior minister — controlling the police — if the coup had succeeded.

Reports that more than a dozen plotters had been arrested have been circulating for several weeks and have been published abroad.

Constant questioning of those arrested brought confessions that a secret military organization planned to carry out the invasion of the presidential offices, the agency said. It reported that the military organization was headed by Brig. Gen. Ahmed Aluf Nassar. Members were said to have confessed they planned an armed attack while they were in uniform.

DES MOINES (AP)—Extensive housing developments since World War II are cutting down on the airborne pollens that cause Des Moines hay fever sufferers their worst agony each year.

"The count has been going down each year in Des Moines," says Dean Byrl Benton of the Drake University College of Pharmacy.

"I think part of the reason is that extensive building projects in the city now occupy vacant lots where ragweed and other pollen producing plants grew."

Hagerty Enjoys Press Job; Finds Newsmen Praiseworthy In Reporting The President

James C. Hagerty, presidential press secretary who conducted the White House press conferences in the Hotel Gettysburg Press Room during the President's recent recuperation, is a hard person to rattle with any kind of question. The following is an account of Hagerty's comments on the working press as the members of the Connecticut Editorial Association put him on the griddle at a recent meeting. The story appeared in the current edition of Editor and Publisher a trade journal.

Reporting from the White House was described as "always accurate and completely fair" by James C. Hagerty, press secretary to the President, who, put on the griddle, answered questions from members of the Connecticut Editorial Association here June 22.

Mr. Hagerty had been asked if he was not "often surprised at reading White House news, because it was twisted."

"That just isn't true," he replied. "Of course, I often object violently, which is my right, with what the columnists write."

During Working Hours
"But I only quarrel with newspapermen during working hours. Afterwards we go out and drink together."

"I'm a great and sincere admirer of the Washington press corps, especially the wire service men. It amazes me how they tell their stories so quickly and accurately after a press conference at the White House."

Mr. Hagerty defended his expansion of the numbers attending Presidential press conferences. He especially favored addition of TV and radio coverage, when the newspaper editors questioned that move. What was needed, he insisted, was passage by Congress of the act permitting erection of new executive offices at the White House, which would result in "improved press relations through larger and better quarters."

No Civil Servant

At the start of questioning, directed by Senator William A. Purtell (R. Conn.), Mr. Hagerty made it plain he was "no civil servant, but worked for the President." He showed throughout that he thoroughly enjoyed his job which began in June 1952. Answering a final query he said at the moment he had no intention of writing a book, and that he would "never tell the confidences entrusted to him by the President."

"There are 1,056 correspondents

accredited to the White House, not counting about 150 TV specialists. We want as many as possible to be privileged to report the President."

Mr. Hagerty said the only reason live broadcasts were not permitted was to avoid "fluffs" that might have "international implications." He said that very little editing is done on the tapes. He defended issuing transcripts with grammatical and other errors as "part of the pattern of accurate reporting of the President."

Stamp Happy Bureaucrats

Much of the news restrictions in Washington today could be ascribed to "stamp happy" bureaucrats, Mr. Hagerty said. They stamp everything indiscriminately "confidential," "secret" or "top secret," he said.

"It is remarkable how few people have taken the trouble to look when information was released from the confidential classification," he commented.

"The Executive Department has adopted the policy that anything not involving national security should be made public. Transfers of Murray Snyder to the Department of Defense and Andrew Berding to the State Department may be considered as steps toward implementing that policy."

Member Of The Family

Mr. Hagerty made the editors laugh when he said that the President's stomach is "in a lot better shape than mine" and when he said "I guess so" in response to a query as to whether or not he was married. He had been telling about the long hours of a Presidential press secretary. They run from 8 A.M. to 7 P.M. Before the President's heart attack, Mr. Hagerty said he used to get calls to 5:30 A.M. to have breakfast at the White House.

"The President and Mrs. Eisenhower treat me as a member of the family," he said. "They are the two nicest people I ever met. They're just folks."

As to his wife, he said she was a "golf nut, God bless her, and spends most of her time on the links."

Mr. Hagerty said he has two conferences daily with the press. He admitted that newspapermen had come to regard his "no comment" as confirmation that what they wanted to know was true.

One wise decision he made at the start, he said, was to tell Mrs. Eisenhower he wouldn't "try to describe anything she wore unless she wrote it down first and handed it to me."

Miss Jean Biggs, this place, and Mrs. Holbert Spaid, Mirflinburg, have returned from a visit with the former's brother-in-law and sister, Dr. and Mrs. C. A. Sloat, Chapel Hill, N. C. While there they accompanied the Sloats to Hatters where they visited Dr. and Mrs. Francis Mason at their cottage. On their return, they also visited Williamsburg and Jamestown, Va.

Miss Jean Biggs spent the weekend in Harrisburg as the guest of Miss Mae Braun. On Saturday and Sunday Miss Biggs and Miss Braun acted as hostesses at the opening of the Chester homes at Sunshine Hills, Duncannon.

Philadelphia Boy Dies In Gang Fight

PHILADELPHIA (AP)—A 16-year-old boy was shot to death on a North Philadelphia street Wednesday night when police said he tried to draw a .32-caliber revolver during a fight.

The victim was identified as Thomas Robinson. Police said he was found lying on the sidewalk with his hand in his pants pocket gripping a loaded pistol.

The youth had been shot to death by two bullets in the chest. A third grazed his left side.

Area residents told police they

NO SURVIVORS IN PLANE WRECK

TAIPEI, Formosa (AP)—A Chinese rescue team Thursday reached the wreckage of a U.S. Air Force plane with 16 aboard and found no survivors, police reported.

The team could identify only 10 bodies in the wreckage on a mountain slope. Seven crewmen and nine passengers were aboard the two-engine C47 transport when it vanished Tuesday night near the end of a trip from Clark field in the Philippines to its base at Taipei.

The search team came across the wreckage in the jagged mountains between Taipei and the Formosa Strait. It was spread along the forested slopes of Mt. Chaiu near Hsinchu.

A spokesman at U.S. Air Force headquarters said American search parties are en route to the scene.

Investigate Carbon Monoxide Poisoning

SCRANTON, Pa. (AP)—An investigation is under way into the deaths of two miners from carbon monoxide poisoning at an operation about 10 miles north of here Wednesday.

The men were identified as Michael Estock, 47, of Peckville and Albert Novakoski, 54, of Sturgess. Novakoski had three children, Estock one.

Dr. Joseph D. Moylan of Scranton, chief Lackawanna County deputy coroner, ruled the deaths were from carbon monoxide poisoning from an unknown source.

The miners' bodies were found in an underground chamber at the Eynon Colliery of the Northwest Coal Co. Fellow workers discovered the tragedy leaving the job after work.

In World War II there were 360,810 American servicemen who died from battle wounds or illness.

saw two other teen-agers run from the scene shortly after the shots were fired.

LOCAL TAXES UP OVER 6 MILLION

HARRISBURG (AP)—Local taxing units in Pennsylvania collected 6½ million dollars more in 1955 than they did the year before, the Internal Affairs Department reported today.

The latest survey of revenue collected under the 1947 Local Taxation Act showed 2,829 political subdivisions and school districts levied 3,772 taxes to collect just above \$8 million dollars. In 1954 the total was \$1½ millions.

During the first year local taxing powers were authorized, under 15 millions was collected.

The tax most frequently used

is the per capita levy, imposed by 2,174 political subdivisions and school districts. It yielded 25 per cent of the total receipts or about 14 millions. The maximum rate is \$10 except in second class townships where it is \$5.

But the tax yielding the most revenue was the income tax. This brought in 27½ million dollars in 419 communities and school districts. The total was 46 per cent of the money collected under the law.

ONE IDEA OF GOD

At the entrance to the valley where they buried their kings an ancient and industrious people carved the Sphinx.

This was *their* idea of God: the body of a lion, suggesting power . . . the face of a man, suggesting personality . . . the whole amazing image suggesting their belief in a MIGHTY deity who could be KNOWN.

Today, in our churches, we worship God as Jesus Christ revealed Him: almighty but merciful . . . knowing and eager to be known . . . loving man and seeking man's love . . . saving all who believe in their Saviour—His Son!

Can the ancient Sphinx have any significance for men and women like ourselves who have before us the Gospel and example of Christ?

Only this: As long as it remains, the awesome Sphinx will remind us of man's search for God. Just as our own church bells remind us of our opportunity to know, love, and serve Him!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday School Lesson

By H. R. and M. C. Gold

CALEB, MAN OF FAITH AND COURAGE

Numbers 14:6-9a; Joshua 14:1-14
Key Verse: Even youths shall faint and be weary, and young men shall fall exhausted; but they who wait for the Lord shall renew their strength. Isaiah 40:30-31.

This quarter's series of lessons contains striking examples of Old Testament men and women who were "adventurers in faith." Unwavering faith in God and His promises was the thing that upheld Caleb in his experiences as one of the twelve spies sent by Moses to spy out the land of Canaan. Espionage has always been fraught with danger and suspicion and Caleb's problems ran true to form. Even these twelve spies did not agree with one another.

In "Legends of the Bible" the author Louis Ginzberg says this in regard to the men chosen as scouts or spies: "These twelve men were the most distinguished and most pious of their respective tribes, so that even God gave His assent to the choice of every man among them. But hardly had these men been appointed to their office when they made the wicked resolve to bring up an evil report of the land (Canaan), and dissuade the people from moving to Palestine. Their motive was a purely personal one, for they thought to themselves that they would retain their offices at the head of the tribes so long as they remained in the wilderness, but would be deprived of them when they entered Palestine."

Resist Spies' Influence
Caleb discovered the underlying thoughts of the ten spies and hoped he would have the strength to resist their influence. They set out for the Promised Land from Kadesh-barnea in the wilderness of Paran with special instructions from Moses on what to observe—the kind of people inhabiting Canaan, whether they lived on the open plain or in walled cities, and how to judge the soil of the land. They were to follow quiet pathways rather than open highways. Moses sent them to southern Palestine first, wishing them to see the poorest part of the land first.

After forty days the twelve spies returned to Moses and the people to give their report. The report of the majority was indeed slanderous, but the minority report of the faithful Joshua and Caleb was true and accurate. God had strengthened them for this ordeal—that of facing the disfavor of the people. The fearsome report of the majority was intended to frighten the people. In fact, they were ready to select another leader in place of Moses and return to Egypt. The ten spies saw the new land in human terms only, whereas Caleb and Joshua took into account the divine resources. Their minority report reassured and quieted their listeners.

Played Upon Emotions
The ten spies had cleverly played upon the emotions of their audience until Moses and Aaron prostrated themselves in shame for the people's faithlessness. At this dramatic moment Caleb and Joshua got the attention of the assembly, "and said to all the congregation of the people of Israel, 'The land, which we passed through to spy it out, is an exceedingly good land. If the Lord delights in us, he will bring us into this land and give it to us, a land which flows with milk and honey. Only, do not rebel against the Lord.'"

If we have faith in God, nothing is impossible. Because Caleb wholly followed the Lord, he found favor with Moses and Moses granted him Hebron as his inheritance in the Promised Land. That is where Caleb had gone to pray for courage at the graves of Abraham and Isaac and where the sons of Anak lived. He did not fear those giants and later conquered them, for God was with him.

When the time came to enter the Promised Land only Caleb and Joshua from the group of spies were still living. Caleb was 85 and he still clamored for new land to conquer. He welcomed a hard assignment instead of asking for a quiet, peaceful spot to retire. "So now give me this hill country of which the Lord spoke on that day." Obstacles only seemed to strengthen Caleb's faith. If only Christian leaders today were as willing to accept the "hill country" with its difficulties and challenges as did Caleb! Even the best of men sometimes despair of making a better world. There is a choice—to become panicky or believe in the promises of God.

WORM STATION Call Indicates Business

SAVANNAH, Tenn., (AP)—Visitors to this Tennessee river town sometimes are startled when they tune in on the local radio station and the announcer says "this is station W-O-R-M."

He's not kidding and there's a reason for the call letters. This little city of 4,200 calls itself the "fishing worm capital of the world." Its three big worm ranches and many smaller ones ship literally billions of wigglers all over the United States and to numerous foreign countries annually. One firm mails about a million and half worms daily.

FILTERED FAGS HAVE MUCH TAR

WASHINGTON (AP)—A researcher said today some tobacco companies are producing filter cigarettes which have as much or more tar and nicotine than unfiltered cigarettes.

Dr. Ernest L. Wynder said "a safer cigarette can be made today by using an effective filter plus the proper blend of tobacco."

But, he added in testimony prepared for the House Government Operations subcommittee, some companies have taken advantage of the public desire for filtered cigarettes by marketing "increasingly ineffective filters" on cigarettes containing tobacco which yields greater quantities of what he said was cancer-producing tar.

Wynder, of the Sloan-Kettering Institute for Cancer Research, said about 25,000 persons will die of lung cancer this year. He added that at least 80 per cent of these deaths could have been prevented if the patients had not smoked.

A pathologist, Dr. R. H. Rigdon of the University of Texas Medical School, also was invited to testify today.

Recent studies, Wynder said, indicate "the majority of filtered cigarettes currently on the market have a tar and nicotine content which is at least as high, if not higher, than that of standard regular-sized cigarettes."

COURT FAVORS TEACHER'S ACT
 PITTSBURGH (AP)—School teachers in Allegheny County today had judicial backing for reasonable corporal punishment to maintain classroom discipline.

Allegheny County Common Pleas Court gave its support to teachers Wednesday in granting a judgement in favor of a teacher who struck a pupil.

The court's opinion written by Judge Samuel A. Weiss, ruled in favor of teacher Roy Beck of Har-Brack High School, near Tarentum, despite a previous jury verdict of \$121 against him.

Not Jury Issue
 The money was awarded Mr. and Mrs. Andrew F. Chodkowski of Natrona Heights who claimed they spent that much for medical and dental expenses for their son, Raymond, a former Har-Brack pupil now in military service.

Judge Weiss' decision held that the punishment inflicted by Beck on Chodkowski "was moderate and reasonable, regardless of the injuries, and therefore, we believe that this issue should not have been submitted to the jury."
